

HOPE CENTRE 2025

MESSIAH CHURCH SUPPORTING THE CAST OUT IN GHANA.

We are building what will be one of the Ghana Best Rehabilitation Centres for Eximatesto get the best possible care. but we can not start rebuilding lives until the building itself is finished. We need your help, Please donate!

Transforming Lives: Supporting Families and Individuals Impacted by the Prison System

Every family is either directly or indirectly affected by the prison system, and society often tends to cast these individuals away, viewing them as beyond rehabilitation.

However, no one is an outcast. Every individual has a destiny filled with potential and needs to be encouraged.

One of our primary aims is to help and support the families of prisoners in every reasonable way. We conduct regular visits on behalf of inmates' families who, for various reasons, are unable to visit the prisons themselves.

We also provide crucial support at the time of release. We will meet individuals at the prison gate on the day of their release, host them for a day, and assist them in reuniting with their families.

Additionally, we offer a free nursery daycare for community children, a library, and a worship centre.

We cannot begin rebuilding lives until we have the necessary facilities. Please help us by donating in any form.

Your Support Matters

By supporting us, you are contributing to a brighter future for many families and individuals. Every contribution makes a difference. Thank you for your generosity.
